

Makeup Artistry by Arielle Anné

Frequently Asked Questions

Q: what brands of makeup do you use?

A: I don't have a preferred makeup brand. I like to use a variety as some work best on certain skin types than others. But you can be sure that if it's good, I've tried it.

For sensitive skin or other preferences, I'm open to clients bringing their own products for me to incorporate during the application.

Q: why is a bridal trial necessary? Is it optional?

A: The bridal trial is not optional. It is so important because it allows us time to get to know each other before the big day, to get comfortable, and discuss what the bride wants and doesn't want.

The trial usually takes about an hour. During that time, I'll be doing the full face and we can discuss all modifications from there. This way on your wedding day, we can achieve the same desired look in half the time alleviating any stress and keeping to the schedule.

Q: is there a limit of people you will do for a wedding?

A: The most I will allow myself to do on my own is 10 people. If you have a larger party, I can arrange to bring another artist to assist me.

Q: what payment is accepted?

A: Cash or check for both trial and event day is preferred. Please have checks payable to Arielle Pepas.

Q: how long does each application take on wedding day?

A: Each person takes roughly 30 minutes. Based on how many people are in your party, we can determine the best start time to ensure that everyone is done ON SCHEDULE.
